SR-163 Sewer Pipeline Rehabilitation CONSTRUCTION ADVISORY

Partial and Full Closure of State Route 163 through May 28th

Details for the Weekend of April 22, 2011

What: There will be **no freeway or lane closures** of the SR 163 on **Friday, Saturday or Sunday**, as part of this project.

Where: From Interstate 8 to A Street. To see a map of the project, please visit the [project's Web page](#).

Why: The 45-year-old Cabrillo Trunk Sewer that runs through Balboa Park along State Route 163 is in need of rehabilitation after damage caused by age, tree roots and breaks. This project will restore the structural integrity of the pipe, inhibit root infiltration, reduce maintenance costs, and extend the life of the sewer main for another 50 years.
